Patron

We are privileged to invite you to the upcoming 17th IEEE INDIA INDICON 2020 conference at the Netaji Subhas University of Technology, New Delhi from 11-13 December 2020.

INDICON has been the most prestigious conference of the IEEE India Council and has acquired the reputation of the highest quality technical conference that provides a major forum for the exchange of information among practising professionals, in the field of Electrical, Electronics, Communications & Computer Science Engineering.

The theme for the conference this year is “**Technology Intervention to Build Future-Ready Society**”.

The event will offer an unparalleled opportunity to interact with delegates and showcase your organisation and the product/service offering to Industry luminaries, entrepreneurs, academicians, students, technocrats, policy makers & technologists.

The partnership offering outlines several options for support and participation during the conference. We look forward to your whole hearted support in making 17th IEEE INDIA INDICON 2020 conference a great success.

The conference brings practitioners together to interact and network with colleagues to learn the latest technology innovations. The exhibition will be closely integrated with the technical program through workshops and tutorials, plenary sessions, innovation sessions and social activities for delegates and exhibitors alike.

With Best Regards,
Organizing Committee

About IEEE

IEEE is the world's largest professional association comprising of over 430,000 members (including 120,000 student members) in more than 160 countries dedicated to advancing technological innovation and excellence for the benefit of humanity. India has nearly 50K members (accounting for ~ 43% of Asia-Pacific region) with an annual growth rate of 9%. IEEE and its members inspire a global community through its highly cited publications, conferences, technology standards, and professional and educational activities.

It has 39 Societies and 7 technical Councils representing the wide range of IEEE technical interests. IEEE publishes more than 148 transactions, journals, and magazines; and patrons more than 1,450 conferences in 92 countries. With this it manages a digital library of 4 million plus documents in the IEEE Xplore, with more than 10 million downloads each month. IEEE Standards Association has a portfolio of around 1,500 standards and projects under development. This includes the prominent IEEE 802® standards for wireless networking. For more detail, please visit: <https://www.ieee.org>

About IEEE India Council

It is the umbrella organisation which coordinates IEEE activities in India. Its primary aim is to assist and coordinate the activities of local "Sections", in order to benefit mutually, and avoid duplication of effort and resources. IEEE India Council was established on 20th May 1976 and is one of the five councils in the Asia Pacific Region (Region 10 of IEEE). India Council has 11 sections, 10 sub-sections, around 860 student branches resulting into over 50 thousand IEEE members. We organize 170+ IEEE conferences annually in India of which 75% are technically co-sponsored and remaining are fully sponsored conferences. For more details, please visit: <http://sites.ieee.org/indiacouncil>

About IEEE Delhi Section

IEEE Delhi Section is one of the vibrant Sections in India coming under Asia-Pacific Region, the Region 10 of IEEE. It covers entire northern part of the country consisting of the National Capital Territory of Delhi, Union Territory of Chandigarh and the five states of Rajasthan, Haryana, Punjab, Himachal Pradesh and Jammu & Kashmir. IEEE Delhi Section, started on May 13, 1976 (after remaining as Sub-section since 1974), has as per January 2013 statistics (excluding Affiliates to Societies) 5208 active members including 3461 student members from over 80 member colleges, a number that is increasing with rapid pace by the day. IEEE Delhi follows standard IEEE and Section bylaws while operating.

IEEE Delhi has always kept to its promise of continuously expanding its horizons. IEEE Delhi's belief in imparting technical as well as non-technical knowledge will be carried forward with an equivalent enthusiasm and gusto for a long long time to come.

About INDICON

INDICON is the flagship Annual International Conference of the IEEE India Council. It has its origins in the Annual Convention and Exhibition (ACE), which transformed into INDICON in 2004 which was held at IIT Kharagpur. Each of the IEEE Sections of India has been conducting INDICON in turns. INDICON 2020 is 17th in series and is organised by IEEE Delhi Section from 11-13 December, 2020 at NSUT, New Delhi. It will have plenary talks, keynote address by reputed academicians, tutorial & workshops by domain experts, research paper presentations, poster presentation, student Paper contest, events for Women in Engineering and Young Professionals, the session on entrepreneurship and innovation.
